**Mental Expert
Speaks at Rotary**

Dr. Walter Rapaport, medical director and superintendent of Agnes State Hospital in San Jose told Rotary Rotarians Monday that treatment of the mentally ill is no different from setting a broken leg—"the sooner you get to it the better off you are."

Rapaport, who has practiced the specialty of nervous and mental disorders for over 25 years, said the tax-payers should show more interest in mental institutions "since they spend more money than any other agency."

The care of the mentally ill is an essential part of government," Rapaport said that cost of operation for State hospitals this year will run over seven million dollars. "The Agnes Hospital we average 120 admissions per month, while the number are released," he said.

Rapaport said patients are admitted in one of three ways: self-admission; by a health officer's certification; or by protests filed with the attorney's office and approved by the court.

Rapaport, a veteran of both World Wars, has served on the staff of Army and State hospitals since 1939. He was appointed superintendent of Mendocino State Hospital and was transferred to his present post in 1947.

Curt Campbell, left, Albany Ford dealer, receives from L. H. Lutz, Ford district sales manager, the Four-Letter Dealer Award presented by the Ford Motor Co. to outstanding dealerships.

Curt Campbell's Awarded
Ford's Merit Certificate

Employees and management of Curt Campbell's, Albany Ford Dealership, were awarded special recognition today by the Ford Motor Company for outstanding performance during the past year under Ford's nationwide plan of "industrial citizenship" and Four Letter Dealer awards.

The recognition came in the form of a special certificate of merit given annually on a competitive basis to all qualified Ford dealers.

Presentation of the award was made by L. H. Lutz, district sales manager of the Richmond district.

The Four Letter Award, a new form of recognition recently developed by Ford, is given only to dealerships with a high performance record in financial stability, progressive management, competitive spirit and adequate facilities.

In making the award, Lutz offered his congratulations to the employees and management for maintaining high standards of courtesy and production and for offering the highest possible type of automotive sales and repair service to local customers.

Curt Campbell's has been an "industrial citizen" of Albany for 10 and one-half years. Completely modern facilities covering new car sales, parts and service department are maintained at 836 San Pablo Ave. A completely modernized body and paint shop featuring a baked enamel paint oven is located at 810 San Pablo, while the used car department is located at 1031 San Pablo.

U. S. Offers
Grade School
To Albany

The Albany Board of Education announced Tuesday night that the Federal Government has offered to sell the Codornices Elementary School building to the Albany Unified School District for \$19,300.

The Board approved the buying of the building at the government's figure, providing a satisfactory arrangement can be made with the University of California for use of the land.

Clifford C. Lockhart, president of the Board, said further negotiations are now underway with the Regents of the University to obtain the lease at a greatly reduced figure.

The University, which has received no rent since the school's construction in 1943, has proposed a rental figure of \$1200 a year for the three-acre site at 1080 Eighth Street.

"Members of the Board and school administrators believe that the University should lease the land for much less than the rental requested," Lockhart said.

Reasons for this include the following:

1. The University pays no taxes for the support of Albany Schools on any of its large holdings in Albany.

2. The University has a non-taxable housing project adjoining Codornices, which is known as Veterans Village. Housing in this project is for University student exclusively, and the children of those students attend Albany schools.

3. Throughout all of Codornices Village are large numbers of University students whose children attend the Codornices school.

4. A number of cadet teachers from the education department of the University annually complete their practice-teaching program in the Albany schools.

"For these reasons," Lockhart said, "it appears but reasonable to us that the land should be leased to us for a sum far less than the \$1200 requested."

The Codornices School has an enrollment of 933 pupils from Kindergarten through the seventh grade.

Original cost of the one-story prefabricated structure was \$132,536. Its present estimated replacement value is \$245,000.

The government offer, according to Board members, is being made under a general policy concerning Federal school properties.

Superintendent Paul C. Bryan said sufficient funds are available in the District reserves to purchase the building. Being of pre-fabricated construction, it can be moved should the Village be demolished in the future.

Marriage Tips

Speaking to the MacGregor P. T. A. Thursday evening, Charles Devereaux, assistant professor of social welfare at University of California, emphasized four factors to be used as a gauge for successful parenthood.

A happy marriage has much to do with being a successful parent he pointed out.

"Children are often unwittingly made pawns in a marriage conflict," he said. "A happy marriage makes for a happy and normal child."

Devereaux said that the degree of control the parent has over the child has a distinct bearing on whether or not he is a successful parent.

The understanding of the child's frustration level and how much freedom the child can safely have is important he said. He recognizes that while many orders may be given one child with good results, another child might react quite differently and only be capable of taking one or two orders.

During the question and answer period, the controversy of "spoiling versus indulging" was discussed with both parents and teachers joining in.

A short business meeting followed during which the P.T.A. assumed sponsorship of the school Brownies. A starting fund of \$10 (Continued on page seven)

Exchange Club

City Manager

The Albany Exchange Club Tuesday night went on record as approving the proposed city manager form of government for Albany, it was announced today by President Sid Wienseimer.

A resolution of approval was unanimously passed following a forum discussion on the manager form of government and the present council commission government.

Principal speaker in the discussion was Ed Howell, El Cerrito city manager, who outlined methods of procedure under the present council set-up as compared to a city manager form of government.

Points emphasized in the forum were whether a city manager could function efficiently where there are both elective and appointive offices. Also pointed out was the possible economy to be achieved and the effects of the added administration cost on the taxpayer.

Members participating in the forum included Edward Harran, Jack Hamilton, John Pleich, Henry Villa, George Fiderio, William Garren, George Glavinovich, Joseph Young, Art King, Fred Friske, Harry Barrows, Louis Celia and Stanley Williams.

A committee was named to work with other civic groups on the manager form of government.

Jerome Blank, president of the Albany Junior Chamber of Commerce, today announced his candidacy for City Councilman in the April 10 election.

A resident of Albany for 25 years, Blank has operated his own real estate and insurance business here for the past three years.

"Albany needs the spirit and drive of younger men in public office," Blank said in his announcement. "Now is the time for Albany to train younger men for future leadership."

The 29-year-old candidate served 4½ years with the Navy during World War II. He was a lieutenant aboard the USS Louisville where he was in command of an eight-inch turret. Later he was attached to the 5th U. S. Marine Division where he served until the end of the War. He was recently promoted to the rank of lieutenant commander in the Naval Reserves.

Blank is a graduate of Cornell School, Albany High School and received his B.S. degree in mining engineering at the University of California.

Mayor Says
'No' to Zahn
Compromise
Reached in
Hot Session

A letter from Mrs. Kathie Zahn addressed to the Council Monday night was the center of a controversy when Councilmen refused to hear it read.

Mayor Bert Hill ruled the communication "out of order" when it came up for reading with the other letters, all of which were read.

Hill held that there was no need of reading it since it "dealt with the city manager plan" in which a special hearing was held last Thursday.

Mrs. Zahn later attempted to read the letter under the "good of the city" period, but Mayor Hill threatened to have her removed from the Chamber if she continued.

Mrs. Zahn said the letter had nothing to do with the city manager.

Hill said that he had scanned the letter and was satisfied that it did deal with the city manager plan.

Mrs. Zahn asked in the letter why an outside attorney had been employed at a fee of \$1750 to revise the City Charter. She asked why the City Attorney could not do the work.

In other business, the Council authorized the full-time employment of Donald Z. McBain as assistant health officer at a salary of \$250 a month.

Night School Offers
Class on Income Tax

A new four weeks' class in income tax law will open Tuesday at the Albany Adult Educational Center, held at the Albany High School, which will meet each Tuesday from 7 to 9 p. m., according to Robert G. Dennis, principal.

The class will be instructed by Stanley R. Kendall, a practicing attorney who has been teaching income tax law in the Bay Area for a number of years. The course covers

Albany City Councilmen last Thursday evening in a special hearing on the proposed city manager form of government compromised for a "one-year trial basis," after a majority of the 150 citizens present indicated that they wanted the plan to be decided by the voters.

Under new terms, which will be offered as an amendment to the present proposed ordinance, it specifies that the city manager will be hired prior to July 1 to enable him to work on the new city budget. His term will be for one year from the day he is hired.

Before the expiration date of the ordinance the Council could renew it, place it on the ballot, or let it expire. Councilmen said that after one year the public would be in a better position to know whether they wanted a city manager.

The proposed manager form of government was presented by Allen Grimes, an Oakland attorney employed by the city to aid in revision of the City Charter.

Grimes pointed out that 96 of 305 cities in California have the manager plan and that 68 of those who have it were Albany's size. He said 38 cities had adopted the plan in the past two years.

Grimes said that the city, with a budget of one-half million dollars, is the biggest single business in Albany.

"I don't know whether the city manager would or would not save money in Albany," he said, "but experience in other cities would indicate that there would be economy."

An overflow crowd of residents thronged the Council Chamber to voice their opinions. The audience was divided on the issue, but most of those present indicated they wanted the final decision to be left to the voters.

Speaking from the floor, opposition was voiced by L. G. French, of 828 Polk St., who favored raising the Councilmen's pay rather than hire a manager.

Mrs. Elizabeth Bechtel, John Smith and Mrs. C. K. Hitchcock all favored the ballot test.

Speaking strongly in favor of the proposed plan were Mrs. Catherine Webb, who said that a city manager would make for better government, and Ralph Buckwalter, who endorsed the trial basis.

A letter from Mrs. Kathie Zahn listed her objections to the manager plan, at which time Mrs. Catherine Webb took to the floor denouncing Mrs. Zahn for "disrupting the city" and for threatening a referendum on the issue.

The final reading of the ordinance will be presented next Monday evening.

To the Citizens of Albany!

The following letter was sent to the Albany City Council last Monday night; however Mayor Bert Hill FORBADE city clerk, Mrs. McLean to READ it and just ordered it REJECTED. All other communications were dutifully read, MINE was the ONLY one he refused to have made public.

★ ★ ★ ★

Albany, January 23, 1950
911 Santa Fe Ave.

On September 19, 1949 the City Council of the City of Albany desired the services of a legal council to assist it in the preparation of a "revised" Charter for the city government and hired ALLEN GRIMES, an attorney for that purpose.

His duties, as outlined in a special agreement, were as follows:

1. To advise the City Council of Albany with respect to the revision of the Charter of the City of Albany;

2. To prepare such revisions of said Charter in such form as the City Council may desire for submission to the voters of the City of Albany for adoption or rejection.

For the above mentioned services Mr. Allen Grimes was to receive the MAXIMUM amount of \$1750.00.

WHAT IS THE MATTER WITH OUR CITY ATTORNEY, MR. GLAVINOVICH? Why isn't HE preparing any revisions of the City Charter? \$750.00 has been already paid to Mr. GRIMES: from a taxpayers standpoint I would suggest that you DISMISSE WITH THE SERVICES OF MR. ALLEN GRIMES AT ONCE and let Mr. Glavinovich do the work. You must certainly can't have THAT many changes in our CHARTER that would warrant the expense of ANOTHER attorney in the amount of \$1750.00.

AND HOW DO WE TAXPAYERS KNOW, THAT YOU ARE NOT GOING TO PAY Mr. Allen Grimes "ABOVE" the agreed amount of \$1750.00? The mere fact that a resolution saving that \$1750.00 would be the MAXIMUM amount to be paid to Allen Grimes DOES NOT MEAN A THING. You PASS resolutions setting forth MAXIMUM payments for the services of an attorney hired from the outside, then DON'T pay any attention and PAY MUCH MORE. I am referring to Resolution No. 1349 passed on November 8, 1948 signed by FRANK V. HAYS as Mayor.

Resolution No. 1349 was passed for the purpose of hiring upon the recommendation of Attorney Glavinovich a Mr. WARREN ECKERT, an attorney, "to index and compile the ordinances of the City of Albany."

THE MAXIMUM amount to be paid to said WARREN ECKERT was fixed at the sum of \$100.00 HOWEVER the record shows that the City paid Mr. Warren Eckert

On December 1948 the sum of	\$351.00
And on January 1949 the sum of	\$325.50
Or a total of	\$676.50

The City of Albany paid \$176.50 MORE than the agreed amount set forth in resolution No. 1349.

Truly yours,
Signed: MRS. KATHIE ZAHN.

★ ★ ★ ★

The above letter is self-explanatory and may contain the reason for Mayor Hill's refusal to reading it in open council session.

January 27, 1950.

Albany's first school building, the Cornell School (above) will be torn down this month to make room for construction of a new school structure at Cornell and Solano Avenues.

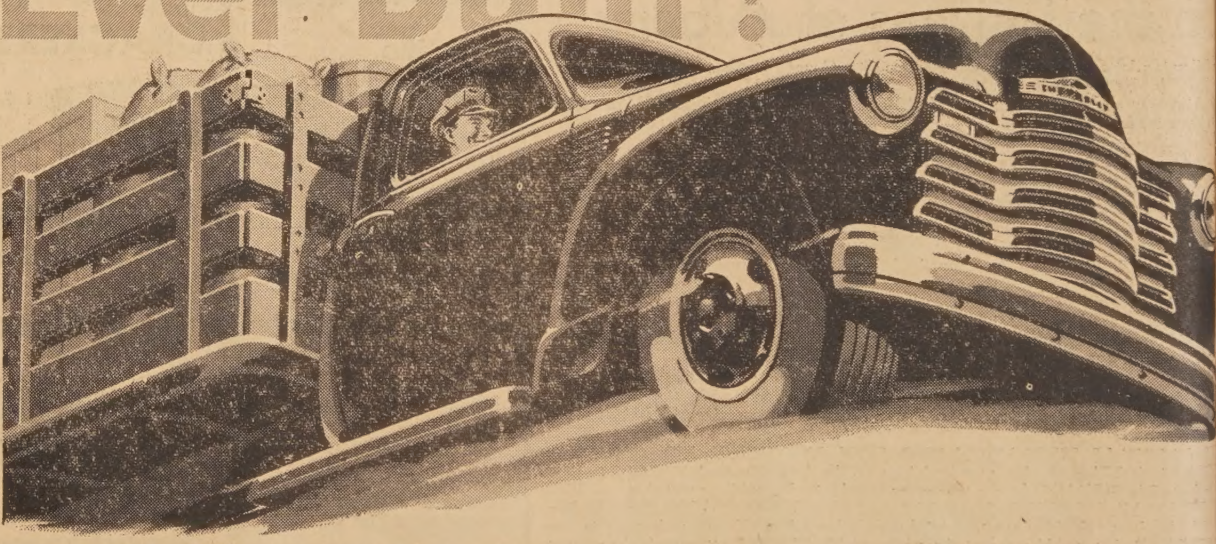

Old Cornell School to Come Down

Albany's first school building, Cornell School, to which pioneer pupils migrated from Miller's barn in 1908, will become a casualty of progress this month when it will be torn down to make room for the construction of a new unit.
Originally known as the Ocean View Grammar School, the old building was constructed at a cost of \$14,000 when the temporary facilities of a barn, on what is now the corner of Brighton and San Pablo Aves., became overtaxed by the city's early expansion.
Located at Cornell and Solano Aves. on the site purchased in 1908 for \$6000, the old Cornell building will be dismantled by the Cleveland Wrecking Co., which submitted a low bid of \$3099 to the Board of Education last week. Demolition will start as soon as the contract receives the approval of the Alameda County District Attorney's office.
Most of the site on which the old building is situated will be landscaped, Board members said. A small portion of the land will be used for the construction of a new unit that will include a cafeteria, library and administration offices for the Board of Education. The new unit will be financed from the \$282,000 bond issue approved by the voters last October.
Students moved out of the old building at the opening of the fall semester to take over a \$144,144 structure that replaced the original school.

PTA Congress Meets Monday At Mt. Diablo
 Sixteenth District, C.C.P.T. Founders' Day meeting, reciprocity luncheon and program will be held Monday, January 30 at the Mt. Diablo Country Club, according to Mrs. E. L. Thornton, president.
 Registration will begin at 9:45 a. m. Meeting will start promptly at 10 a. m., and a luncheon will be served at noon. Reservations should be made immediately with the unit or council president. Seating capacity of the dining room is 1000.
 An excellent program has been planned to commemorate the founding of the National Congress of Parents and Teachers. The program includes the invocation by the Rev. Robert Farr of the Community Church of El Cerrito; a brief traditional candlelighting ceremony; Mothersingers, conducted by Nancy Pauline Turner; and the speaker, Mrs. P. D. Bevel, fifth vice-president of the C.C.P.T.
 Moments of suspense will be terminated with the presentation of four life memberships in the organization who have contributed outstandingly to the welfare of children. Money derived by the Congress from the sale of life memberships will be used for student loans and scholarships.
 Representing Cornell School at the Founders' Day program will be Mesdames Lawrence Olson, John Tilbury, Earl Sorensen, Charles Blume, Frank Gira and Principal Milton Gordon.

Students Will Get Diplomas
 Twenty-four students of the Codornices School will receive promotional certificates 1:30 p. m. Wednesday when the school holds its winter graduation ceremonies for high sixth and seventh grade students.
 William Woolworth, curriculum co-ordinator for Albany Schools, will be guest speaker, followed by the awarding of the certificates by Principal Elmer Venter.
 After the exercises, the Codornices P.T.A. is sponsoring a party for the graduates.
 Students promoted from the sixth grade to Burbank Junior High School include Jenise Alexander, James Brown, Dianne Cardoza, Eleanor Dugar, Robert Guerrero, Warner Isaac, Carol Leonard, Sam McConnell, Delois Reeves, Betty Seale, JoAnn Wilburn, Dorothy Robinson and Sharon Ulm.
